## (54) METHOD FOR EXTRACTING DEODORIZING COMPONENT AND DEODORANT

### (57)Abstract:

**PROBLEM TO BE SOLVED:** To provide a method for extracting a deodorizing component for surely removing a mercaptan odor.

**SOLUTION:** The method for extracting the deodorizing component comprises a step of extracting the deodorizing component by an alkali aqueous solution from a substance containing a polyphenol and the like. Thus, the deodorizing component which can surely and effectively deodorize the mercaptan odor can be obtained.
